Perpetual WealthFocus Investment Advantage Fund – changes to Goldman Sachs Australian Infrastructure Investment Option

We are writing to advise you of changes to the Goldman Sachs Australian Infrastructure Investment Option (“Investment Option”). The Investment Option invests into an underlying fund. The investment manager of the underlying fund is Goldman Sachs Asset Management Australia Pty Ltd (“Goldman Sachs”).

Goldman Sachs will be changing its investment strategy and the assets to be held in the underlying fund.

The changes allow Goldman Sachs to expand the investment universe while at the same time preserving the existing investment characteristics of the fund. The investment universe (currently restricted to infrastructure and utilities securities) will be expanded to include real estate investment trusts (‘REITs’), a majority of which will be listed on the Australian Securities Exchange. Please see over the page for further information about the changes to the Investment Option.

When will the change occur?

The changes to the Investment Option will apply from 17 December 2015. Applications have been suspended from 17 November 2015 until 16 December 2015.

What do you need to do?

If you wish to remain invested in the Investment Option, you do not need to take any action. There is no impact on withdrawals. You may still make withdrawals at any time.

Further information

If you would like more information, please phone us on 1800 022 033 during business hours (Sydney time) or speak to your financial adviser.

Yours sincerely
